THE WAY

By: John McGiffin

When God created Adam and then Eve, He gave them free rein over all things in the Garden of Eden except the tree of the knowledge of good and evil (Genesis 2:17). This tree was in the midst of the Garden, so it would be hard to miss (Genesis 3:3). After both Eve and then Adam partook of the tree, they were cast out of the Garden. God made certain they would not return.

Gen 2:24 So He drove out the man; and He placed cherubim at the east of the garden of Eden, and a flaming sword which turned every way, to guard the way to the tree of life.

Until the fall, they were walking with God and talking with God. They were truly walking in the light. It was their own desires to be like God (Genesis 3:5) that led them to commit the first sin by man.

Notice again verse 24. The angel guarded the way back to the Garden and specifically to the tree of life. James recorded that it is our own desires that tempt us to sin (James 1:14). It is when we act upon those temptations that sin will separate us from God (Isaiah 59:2).

Adam and Eve desired to return to that relationship with God. They would have desired to return to the Garden of Eden. God had a plan (Ephesians 1:3-5). Jesus revealed that plan when He said, "I am the way, the truth, and the life. No one comes to the Father except through Me" (John 14:6).

Did you hear that? The way back to the tree of life was blocked by an angel. But God gave us the only way back to Him. That is through Jesus Himself. Jesus is telling us that if we follow Him in obedience to the Gospel and continue to walk in the light as He is in the light, we will find the pathway back to God in eternity (1 John 1:7).

Life's pathways can take us in many directions. We need to make good choices and decisions while traveling life's pathway. Bad decisions can be disastrous. Good decisions can lead us back to God. The best decision you could make is to be obedient to the Gospel. To walk in His pathway, you have to be buried with Him in baptism (Romans 6:1-4). Make a good decision today!
